Subject: 2017 SRCD Biennial Meeting: Decision
To: rogilmore@psu.edu

Dear Rick Gilmore:

We are delighted to notify you of the acceptance of the following submission to a poster session for the 2017 SRCD Biennial Meeting to be held April 6-8, 2017 in Austin, Texas, USA.

All Academic Code: 1191480

Title: School-age Children Perceive Fast Radial Optic Flow in Noise More Accurately Than Slow Linear Flow

Authors: Rick Gilmore, Penn State; Andrea Seisler, Penn State; Michelle Shade, Penn State; Michael O'Neill, Penn State;

The date, time, and board number of your poster presentation will be sent to you by December 20th.**Author Verification:**

Please verify that your name, email and affiliation are correct, as this is how your information will appear in the program. To make any changes, log on to SRCD's submission website here to update your profile.

IMPORTANT Information:**Scheduled Sessions:**

As stated in the Call for Submissions, no changes may be made to your submission or the scheduled time of presentation.

****Exception:** If you are a student who registered for the Lunch with Leaders and your poster presentation is scheduled at the same time as this lunch event, you may contact the Program Office (programoffice@srcd.org) to request a schedule change.

SRCD Travel Awards:

SRCD offers the opportunity for SRCD members to apply for travel funds to attend the 2017 SRCD Biennial Meeting. The deadline to apply is January 4, 2017, 8:00PM EST. For qualifications and an application, [click here](#).
